About us

Who We Are:

Sparsh Automation is a company specializing in industrial Automation solutions & Electrical Panel manufacturing business who always strive to provide innovative solutions, top-notch quality & exceptional customer service.

The Dynamic startup company built on experience, innovation, and customer-centric engineering. We are a team of passionate engineers and innovators dedicated to delivering smart, efficient, and reliable industrial automation solutions. From custom LV panels to full-scale automation integration, we combine deep technical expertise with a commitment to quality and precision.

We do understand that Trust is the foundation of any successful business relationship and that's why at Sparsh Automation we are committed to building trust with our customers through transparency, reliability, quality & our expertise.

Our Mission

To be the trusted leader to revolutionize industrial automation by building trust through cutting-edge technology, exceptional quality and unwavering commitment to customer satisfaction.

Our Vision

To be the partner of choice for industries seeking trusted automation solutions by combining technological expertise with commitment to quality, safety and customer satisfaction.

Innovation

We harness cutting-edge technology and fresh thinking to create smart, future-ready automation solutions.

Quality

Every product & service we deliver meets the highest standards of precision, safety & performance.

Core Values

Customer Focus

We put our clients at the centre—listening, understanding & delivering what truly fits their needs.

Growth-Oriented

As a startup, we thrive on learning and evolving. We grow with our clients and for our clients.

Why choose us?

End-to-End Solutions

From design and programming to panel manufacturing and commissioning—we handle it all under one roof.

Engineering-Driven Approach

Our team is built by engineers, for engineers. Every solution is grounded in solid technical expertise.

Agile & Responsive

Being a startup gives us speed and flexibility. We adapt fast and respond quicker—no long lead times or red tape.

Long-Term Partnerships

We're not here for a single job—we aim to grow with you & support your success for the long haul.

Our Products

Industrial Automation Systems

PLCs, HMIs, and SCADA packages tailored to optimize your production processes.

LV Control Panels

Custom-designed, precision-engineered panels for power distribution & motor control.

HMI/SCADA Interfaces

User-friendly dashboards and supervisory control for full visibility.

Automation & Electrical Trading

A broad portfolio of Automation/VFD components & LV Switchgear items from leading brands.

Obsolete Product Support

Sourcing, refurbishing & replacing discontinued automation & electrical items.

Our Services

System Design & Engineering

End-to-end electrical & automation design—feasibility studies, schematics, engineering drawings & integration.

Program Development

Custom PLC, HMI, and software solutions to automate your unique workflows.

Installation & Commissioning

On-site setup, wiring, testing, and full system handover.

VFD Repair Services

Expert repair and refurbishment of VFDs from all leading brands like Siemens, ABB, Schneider, Danfoss & more.

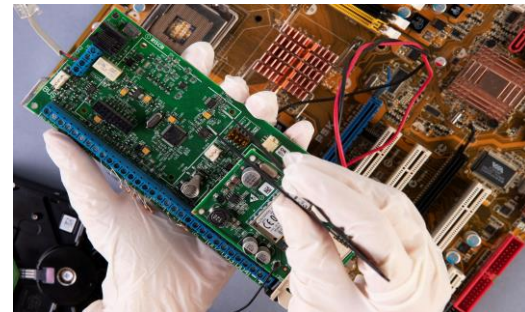

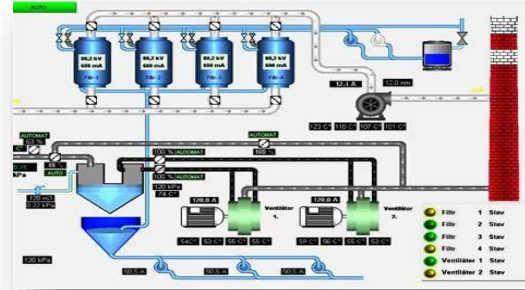

Maintenance & After-Sales Support

Preventive maintenance, troubleshooting, and rapid-response field service.

Retrofit & Upgrades

Modernize legacy systems with minimal downtime and maximum ROI.
